A Note from the Directors...

The director of the Grimes Superstars, Jamie Stringer has made the difficult decision to step down as the director effective June 1st. Miss Jamie will remain a part of the teaching staff at the Grimes location and will retain her position as co-owner of the Norwalk and Grimes Superstars (DBA JDJ Performing Arts, LLC) handling the business administration aspects of running the studios.

With this change, the directors would also like to announce that Miss Lorainna will assume the day to day responsibilities as the studio director at the Grimes location. We are VERY excited for Miss Lorainna to take on this expanded role; she has the experience, talent, passion, drive, and energy to do really great things at the studio. We see this transition in studio leadership as a positive change and we hope you will too. The tradition of the Grimes Superstars will continue under the direction of Miss Lorianna and we look forward to continuing to provide a positive learning environment at the Superstars!

Please join Jamie, Dawn, and Jay in congratulating Miss Lorainna on her promotion to Studio Director!

Competition Programs and Frequently Asked Questions: The Grimes Superstars Competition Dance programs provide students the opportunity to take their dance and performance skills to the next level through additional class training and competition experience. Students attend a regular class and competition class each week; dance competition team members are also required to attend a dance technique class weekly and production team practices one Saturday each month.

These programs are designed to challenge the students, provide a chance to compete, enhance skills, and strength basic technique, all at a manageable time commitment per week. The directors of Grimes Superstars take great pride in be able to offer these higher level programs at a reasonable time commitment so students may still participate in school, church, and other community programs. As directors, we want students to be able to be "kids" and afford them the opportunity to be active members of their schools and community. However with that said, being a part of the competition team is a commitment that should be thoroughly considered as practices and performances are mandatory.

In addition to the Grimes Superstars Dance and Production Competition teams, this year we are once again offering a Pre-Competition combination class for 1st graders and up interested in competition dance. This Pre-Competition dance class will compete at a minimum of 1-2 local competitions in April/May.

There is a lot to consider when joining a competition team, therefore we've provided a general **Frequently Asked Questions** for our competition team programs.

What Is The Expectation Of My Student For The Competition Team?

As with any other sport team, students are expected to attend classes and participate to the best of their ability. With competition classes attendance is critical to the success of the team therefore each team has strict policies regarding attendance with frequent unexcused absences leading to dismissal of the team. Absences are excused for activities such as

school event that are required for a grade, family event such as a wedding, contagious illness with a doctor's note, absences are not considered excused are non-contagious illness without a doctor's note, vacation planned after the competition dates are announced, sports/extra curricular functions, homework, or work schedule.

Additionally, all competition camps and competition events are Mandatory for team members. Grimes Superstars does not dictate the schedule of the actual competition, therefore we ask team members to leave the entire competition weekend open as Superstars has no control over when the teams compete during the weekend. The studio is typically notified by the competition 1-2 weeks before the event of the performance times for the teams.
